We are very proud of them. As ever, they were a credit to the school.

Football

We hosted a football match against Nancledra school last week. It was the first match the children have played against another school and even though they didn't win, they all said they thoroughly enjoyed it. Well done everyone who played and thank you to all the supporters on the day.

be crowned the UK's best amateur building pair.

Following the success of current series, we are again on the hunt to find Britain's most talented building duos. This year we had 7 incredibly talented and wonderful children on the show and it was their dream come true. With that in mind I was hoping to see whether you would mind distributing the flyer below to your staff and students or parent's network to see if the next winner of the series is either attending or working at your school – as we are looking for creative adult teams too!

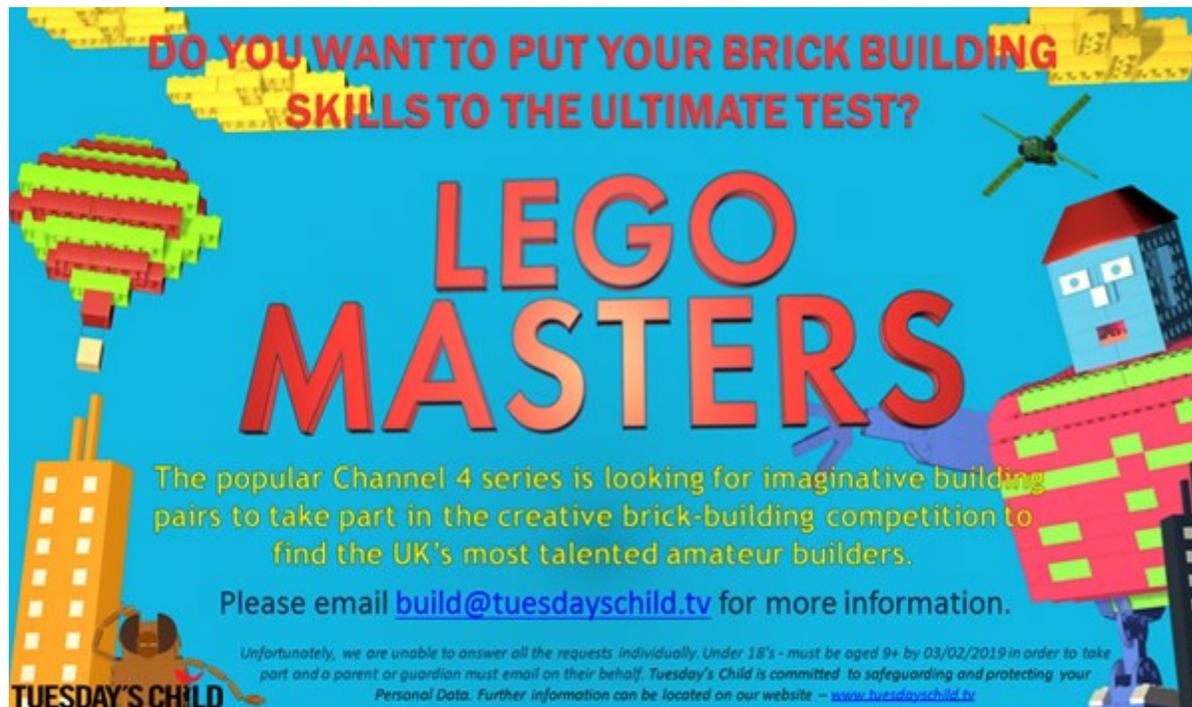

Dear Parents/Staff,

Do you or does someone in your house eat, sleep and breathe the little plastic bricks?

Is the LEGO MASTERS build room with over 1 million bricks your idea of heaven?

The producers of the popular Channel 4 series **LEGO MASTERS** are looking for a new bunch of imaginative building pairs to take part in a third series of the bold brick-building competition. If you think you, a family member or a friend have the creativity, skill and imagination to be crowned Britain's best amateur building team then please email build@tuesdayschild.tv

Applicants must be aged 9+ by 03/02/2019 in order to take part.

A colorful promotional flyer for the LEGO MASTERS competition. The background is blue with various LEGO structures: a hot air balloon, a satellite, a house, and a tall building. The text is in bold, colorful fonts. The main title 'LEGO MASTERS' is in large, red, 3D block letters. Below it, there is a paragraph of text in yellow and white, and a call to action in blue. At the bottom, there is a small logo for 'TUESDAY'S CHILD' and a disclaimer in small text.

DO YOU WANT TO PUT YOUR BRICK BUILDING SKILLS TO THE ULTIMATE TEST?
